Independent Auditor's Report

To the Executive Board of Huron University College

We have audited the accompanying financial statements of Huron University College, which comprise the statement of financial position as at April 30, 2012 and the statements of operations, changes in net assets and cash flows for the year then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

T: +1 519 640 8000, F: +1 519 640 8015*

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Huron University College as at April 30, 2012 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Huron University College

Notes to Financial Statements

April 30, 2012

1 Purpose of the organization

Huron University College (the University) is a university institution with undergraduate programs in Arts and Social Sciences, and graduate programs in Theology. The University is affiliated with the University of Western Ontario (UWO) and associated with the Anglican Church of Canada. The University is incorporated under the statutes of the Province of Ontario. The University is a not-for-profit organization under the Income Tax Act.

2 Summary of significant accounting policies

The financial statements have been prepared in accordance with the Canadian generally accepted accounting principles and include the following significant accounting policies.

Revenue recognition

The University follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount received can be reasonably estimated and collection is reasonably assured.

Grants approved but not yet received at the end of an accounting period are accrued if the amount to be received can be reasonably estimated and collection is reasonably assured. Where a portion of a grant relates to a future period, it is deferred and recognized in the subsequent period.

Capital assets

Capital assets are carried at cost. When an asset is sold or otherwise disposed of, the related cost and accumulated amortization are removed from the respective accounts and any gain or loss on disposition is recognized in operations for the year.

The carrying amount of a capital asset not being amortized because it is under construction or development is classified as work-in-progress. Amortization expense is calculated upon completion of construction and allocation of the asset to its appropriate capital asset account.

Amortization expense is calculated on all amortizable assets based on the following methods, utilizing estimated lives according to Canadian Association of University Business Officers guidelines for Canadian colleges and universities as follows:

Buildings	5% declining balance
Equipment and furniture	10 years straight line
Computer equipment	4 years straight line
Library books	5 years straight line
Food court	5% declining balance

Huron University College

Notes to Financial Statements

April 30, 2012

Cash

Included in cash are balances in the amount of \$763,467 (2011 - \$884,849) that relate to deferred revenue, deferred capital contributions, and other unspent amounts included in current liabilities.

Deferred capital contributions

Effective May 1, 1997, contributions received for capital assets are deferred and amortized over the same term and on the same basis as the related capital assets. Contributions related to capital assets acquired prior to fiscal 1998 are not reasonably determined and therefore, the change in policy was applied prospectively.

Employee future benefits

The University provides a Retirement Gratuity Plan, which is a defined benefit plan. Benefits from the Gratuity Plan are provided only to participants who had benefits under the London Life and/or Standard Life Group or Group Annuity plan as of December 31, 1986, only if the participant invests his/her defined contribution account in accordance with plan provisions and meets all other conditions necessary for receiving such benefits. The service cost and accrued benefit obligation of the Gratuity Plan is actuarially determined using a modified form of the projected unit credit actuarial cost method pro-rated on services. The employees of the University are also eligible to be members of the UWO Academic and Staff/Management Pension Plan, which is a defined contribution plan.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Financial instruments

The University follows Canadian Institute of Chartered Accountants (CICA) Handbook Section 3855, Financial Instruments - Recognition and Measurements. This standard establishes the recognition and measurement criteria for financial assets, liabilities and derivatives. All financial instruments are required to be measured at fair value on initial recognition of the instrument, except for certain related-party transactions.

A financial instrument is any contract that gives rise to a financial asset of one University and a financial liability or equity instrument of another University. Financial instruments in the form of financial assets and financial liabilities are generally presented separately. Financial instruments are recognized as soon as the University becomes a party to the contractual provisions of the financial instrument. Upon initial recognition financial instruments are measured at fair value. The fair value of a financial instrument is the estimated amount that the University would receive or pay to terminate the instrument agreement at the reporting date.

Huron University College

Notes to Financial Statements

April 30, 2012

The following methods and assumptions were used to estimate the fair value of each type of financial instrument by reference to various market value data and other valuation techniques as appropriate.

Measurement in subsequent periods depends on whether the financial instrument has been classified as “held-for-trading”, “available-for-sale”, “held-to-maturity”, “loans and receivable” or “other financial liabilities” as defined by the standard.

Cash and short-term investments

Cash and short-term investments consist primarily of cash on hand and certificates of deposits with an original term of up to twelve months and are classified as held-for-trading. These instruments have been accounted for at fair value. Carrying values approximate fair values for these instruments due to their short-term maturity.

Loans and receivables

Loans and receivables are non-derivative financial assets that represent amounts due from others with fixed or determinable payments that are not quoted in an active market including accounts receivable and due from Huron University College Foundation. After initial recognition, loans and receivables are subsequently carried at amortized cost using the effective interest method less any impairment losses, if necessary. Gains and losses are recognized in the statement of operations when the loans and receivables are derecognized or impaired. Interest effects on the application of the effective interest method are also recognized in the statement of operations.

The carrying value of accounts receivable and due from Huron University College Foundation approximates their fair values due to the short-term maturity of these financial instruments.

Other financial liabilities

Other financial liabilities are non-derivative financial liabilities with fixed payments or determinable payments that are not quoted in an active market including accounts payable and accrued liabilities and long-term debt. After initial recognition, other financial liabilities are subsequently carried at amortized cost using the effective interest method. Gains and losses are recognized in the statement of operations when other financial liabilities are derecognized or impaired. Interest effects on the application of the effective interest method are also recognized in the statement of operations.

- The carrying value of accounts payable and accrued liabilities approximates their fair values due to the short-term maturity of these financial instruments.
- Long-term debt is recorded at amortized cost. The fair value of the long-term debt at year-end, based on an estimate of the University’s borrowing rate as at April 30, 2012 for debt with similar terms and maturity is \$1,633,130 (2011 - \$1,641,971).

Huron University College

Notes to Financial Statements

April 30, 2012

Interest rate risk

The University's exposure to interest rate risk relates to its cash and short-term investments.

Credit risk

Management monitors its credit risk related to its accounts receivable balances which are primarily from student and government sources.

Foreign exchange risk

The University has no significant exposure to fluctuations in the value of foreign currencies.

Accounting standards for not-for-profit organizations

In December 2010, the Canadian Accounting Standards Board issued a comprehensive set of accounting standards applicable to not-for-profit organizations. The standards are effective for fiscal years beginning on or after January 1, 2012 and require retrospective application, except for certain exemptions and exceptions contained within the standards. Early adoption of the standards is permitted. The University is currently considering the impact of the adoption of these standards for its fiscal year beginning May 1, 2012.

The principal repayments over the remaining term of the loan are as follows:

	\$
2013	52,291
2014	55,334
2015	1,452,382
	<u>1,560,007</u>

The University has a credit facility in the amount of \$1,800,000 from Scotiabank. All borrowings are payable on demand and bear interest at a rate of prime minus 0.25% per annum interest payable monthly. The credit facility is secured by a general security agreement constituting a first ranking security interest in all personal property of the University. As at April 30, 2012 and 2011, no amounts were drawn on this credit facility.

Huron University College

Notes to Financial Statements

April 30, 2012

6 Employee future benefits

The University operates a defined benefit plan and participates in a defined contribution pension plan operated by UWO. The University does not provide any other material post retirement non-pension benefits or post-employment benefits to its employees.

Employer contributions made to the defined contribution plan during the year amounted to \$516,846 (2011 - \$473,060)

Retirement Gratuity Plan

The Retirement Gratuity Plan (the Plan) is a defined benefit type of pension plan. Benefits under the Plan are not funded in advance, but are paid from operating revenues as benefits come due.

The accrued benefit obligation was measured as at April 30, 2012.

Information about the Plan as at April 30, is as follows:

	2012 \$	2011 \$
Funded status		
Funded status - deficit	3,329,620	2,727,993
Unamortized experience losses	(1,672,878)	(1,511,434)
	<hr/>	<hr/>
Net accrued benefit liability	1,656,742	1,216,559

The Plan has no assets. There were no contributions made during the year and no settlement payments were paid out of the Plan. Benefit payments of \$Nil (2011 - \$202,891) were paid during the year by the University.

	2012 \$	2011 \$
Change in accrued benefit obligation		
Accrued benefit obligation - May 1	2,727,993	2,677,724
Current service cost	82,265	80,104
Interest cost	124,213	128,453
Actuarial loss	395,149	44,603
Benefits paid	-	(202,891)
	<hr/>	<hr/>
Accrued benefit obligation - April 30	3,329,620	2,727,993

Huron University College

Notes to Financial Statements

April 30, 2012

The University's net benefit plan expense includes the following components:

	2012	2011
	\$	\$
Current service cost	82,265	80,104
Interest cost	124,213	128,453
Amortization of actuarial loss	233,706	235,110
Amortization of transitional asset	-	(7,888)
	<hr/>	<hr/>
Net pension costs recognized	440,184	435,779

The significant assumptions used are as follows:

a) Huron University College Foundation

The purpose of Huron University College Foundation (the Foundation) is to administer money received for the benefit of the University. The Foundation was incorporated in Ontario on June 12, 1979 as a not-for-profit organization and is a registered charity under the Income Tax Act. The Foundation administers certain Trust and Endowment Funds on behalf of the University for the purposes of pooling investment funds to maximize return and minimize costs. The decision-making as to the use of the University Trust and Endowment income rests with the Executive Board of the University.

During the year, the Board of Directors of the Foundation approved the transfer to the University of \$759,668 (2011 - \$872,916), which is detailed as follows:

	2012 \$	2011 \$
Huron University College Foundation		
Trust and Endowment Fund	91,120	109,392
Foundation Fund	607,192	701,461
Foundation Superbuild	43,478	43,478
Capital contributions	17,878	18,585
	<hr/> 759,668	<hr/> 872,916
Deferred capital contributions	(61,356)	(62,063)
	<hr/> <hr/> 698,312	<hr/> <hr/> 810,853

The University has a significant economic interest in the Foundation in that the Foundation solicits funds in the name of and with the expressed or implied approval of the University and substantially all of the funds solicited are intended by the contributor to be to the University.

b) Huron University College Foundation U.S.A.

The purpose of the Huron University College Foundation U.S.A. (the U.S.A. Foundation) is to administer money received for the benefit of the University. The U.S.A. Foundation was incorporated in New York on August 1, 2006 as a not-for-profit organization and is a registered charity under 501(c)(3) of the Internal Revenue Code. There has been no funding related activity since inception.

	<u>(333,585)</u>	<u>(349,708)</u>
Interest paid on long-term debt	95,106	97,885

11 Ontario Student Opportunity Trust Funds

The Ontario Student Opportunity Trust Funds (OSOTF) program was established by the Government of Ontario during 1997 to encourage companies and individuals to contribute funds for Ontario's college and university students. Prior to March 31, 2000, all eligible donations made to the University were matched by the Province on a dollar for dollar basis as cash was received. The matching donations ceased as of March 31, 2000. The Foundation allocates investment income to the fund based on its annual opening balance. Activity in this fund is included in the Foundation.

The Ministry of Training, Colleges and Universities no longer requires institutions to submit a separate audit report with respect to the OSOTF program, however, it requires that the year-end OSOTF Report must be included in the institution's financial statements, Therefore, these OSOTF schedules have been included with the University's financial statements.

Schedule of Changes in Endowment Fund Balance For the year ended December 31, 2011

	2012	2011
	\$	\$
Fund balance - Beginning of year and end of year	<u>491,900</u>	<u>491,900</u>

Notes to Financial Statements

April 30, 2012

12 Trust Funds

The University is the beneficiary of the income from certain trusts administered on its behalf. The University equally shares the beneficiary of the Colonel Leonard Trust with Upper Canada College.

	2012		2011	
	Cost \$	Market value \$	Cost \$	Market value \$
Colonel Leonard	547,103	613,025	547,103	588,577
Sarah Leonard	685,928	770,566	689,679	741,357
Diocese of Huron	170,696	212,523	170,696	228,392
Trusts administered on behalf of Huron University College	1,403,727	1,596,114	1,407,478	1,558,326

13 Restrictions on net assets

In 2010, the University's Board of Directors restricted \$1,701,941 of previously unrestricted net assets for purposes of providing a reserve for the unfunded experience losses of the pension plan disclosed in note 6. This restricted amount is not available for other purposes without approval of the Board of Directors. The interfund transfer of \$161,444 (2011 - \$190,507) represents the change in the unrecognized actuarial loss in the year.

14 Capital management

The University's objectives, when managing capital, are to safeguard the University's ability to continue as a going concern in order to pursue the delivery of a variety of services. In the definition of capital, the University included the fund balances, as well as the cash and restricted cash. The University manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the University may consider raising additional funds or reduce expenses. In order to facilitate the management of its capital requirements, the University prepares annual and multi-year expenditure budgets that are updated as necessary depending on various factors, including fundraising campaigns and general governmental conditions. The annual and multi-year budgets are approved by the Board of Directors.

The University has not changed its approach to capital management during the current year. The University is not subject to any external capital restrictions. The University expects that it will be necessary to receive funds from the government during the next fiscal year to meet its budgeted operations.

15 Comparative figures

Certain comparative figures have been reclassified to conform to the current year's presentation.
