PSYCHOLOGY PROGRAM

DISCOVER WHY WE ARE WHO WE ARE

PSYCHOLOGY IS THE STUDY OF THE BRAIN, BEHAVIOUR, AND THE MIND.
WE EXPLORE QUESTIONS RELATED TO MEMORY AND ATTENTION, LEARNING,
SOCIAL RELATIONSHIPS, HUMAN DEVELOPMENT, LANGUAGE, AND MENTAL HEALTH.

Understanding how and why humans communicate, relate, and interact is essential for effective Leadership with Heart in any field. Our world demands leaders who are able to understand how we can work together to achieve our common goals.

At Huron, we are unique among undergraduate programs because students gain experience conducting psychological research in their first year.

This practical and active research focus is maintained throughout the program, providing excellent preparation for any career path or further studies in Psychology.

JUSTINE ALBERT

YEAR 3, PSYCHOLOGY

HELLMUTH SCHOLAR

Hometown: White Rock, B.C.

"I chose Psychology at Huron because, in high school, I could never decide between science and arts. My interest really lies in the arts, but Psychology at Huron is so well-rounded. I've always been interested in human interactions so this was the perfect fit." ■

FIRST YEAR: **UNLIMITED** **POSSIBILITIES**

Your first year is designed to be all about exploration and discovery. During this time, there are minimal required courses, so you can try out a wide variety of subjects and disciplines. Learn about something completely new. **Find your passion.**

PROGRAM OPTIONS

	Honors Specialization	Specialization	Major	Minor
Psychology	✓		✓	✓

FIRST-YEAR COURSES

INTRODUCTION TO PSYCHOLOGY

An introductory investigation across the field of modern psychological science.

METHOD AND THEORY IN GENERAL PSYCHOLOGY

This first-year course is unique to Huron. It provides students with a survey of the field of psychological science plus active experience with research designs in Psychology, analysis of psychological data, and writing American Psychological Associate (APA)-style manuscripts.

RELATED AREAS OF STUDY

As a Huron student, you can combine any program with a minor, major, or specialization from another Huron program or a major or minor in many of the programs offered at Western, Brescia, or King's, such as:

Centre for Global Studies

History

English

Philosophy

Management & Organizational Studies

Governance, Leadership & Ethics

Biology

Sociology

Health Sciences

Linguistics

As the only HBX CORE partner in Ontario, Huron students can earn a Credential of Readiness from Harvard's Business School.

 hbx.hbs.edu/courses/core/

In collaboration with Western University's Ivey School of Business, Huron offers five-year dual degrees, in which students earn both an Honors Business Administration (HBA) degree and an Honors Specialization Bachelor of Arts (BA) in Psychology.

BEYOND THE CLASSROOM

Psychology students at Huron have many opportunities to collaborate and work alongside professors as research assistants and co-author published papers. On-campus research facilities include an infant and child lab, social psychology research lab, applied psychology research group, and an animal behaviour laboratory.

Recent student research and community-learning projects include working with local school boards to develop programs for positive student social media use in elementary and high schools; collaboration with local not-for-profit organizations to develop community outreach programs; research studies in local childcare centres, and short-term student research with partners in Norway.

ACADEMIC TRI-MENTORSHIP PROGRAM

This new initiative provides academic mentoring and community building for first-year students who work with senior students in Psychology to develop and conduct original research projects and present their findings to the community.

FACULTY RESEARCH EXPERTISE

Huron's experienced faculty are here for you, acting as both professors and mentors. Here are some of their areas of expertise:

DR. IRENE CHEUNG

Conflict and forgiveness in close relationships; social outcomes of moral dilemmas and decision-making.

DR. MARK COLE

Human and animal behaviour; behaviour therapy; history of psychology.

DR. TARA DUMAS

Peer influence; group dynamics; engagement in risk behaviours in adolescence and emerging adulthood.

DR. CHRISTINE TSANG

Auditory development during infancy; music cognition and speech perception during infancy.

HURON UNIVERSITY COLLEGE JOURNAL OF LEARNING AND MOTIVATION

For nearly 40 years, this student journal has featured independent research studies conducted by undergraduates in our second-year Learning and Motivation course. Hard copies of the journal are housed in the Huron Library and the journal has been published online since 2014.

HURON PSYCHOLOGY ASSOCIATION

The Huron Psychology Association (HPA) is a student club that organizes social events such as psychology-themed movie nights, career information sessions, stress and well-being workshops, faculty meet-and-greets, and study sessions.

WHAT DO OUR GRADS DO?

OUR STUDENTS HAVE FOUND SUCCESSFUL CAREERS IN:

Neuroscience

Audiology

Midwifery

Human resources

Teaching

Forensic psychology

Dentistry

Law

Speech language pathology

Social work

Market research

Business management

Clinical psychology

Educational psychology

Medicine

EXPERIENCE WHAT STUDYING

PSYCHOLOGY

AT HURON CAN OFFER BY
TAKING A CAMPUS TOUR,
SITTING IN ON A CLASS,
TALKING TO A PROFESSOR OR
MEETING A CURRENT STUDENT.
