

Huron University College  
Department of Psychology

**Psychology 2180E – Method and Theory in Cognition**  
Fall/Winter 2017-2018

**1.0 BASIC COURSE INFORMATION**

1.1 Course Number: Psychology 2180E

1.2 Course Name: Method and Theory in Cognition

1.3 Class Times: Mondays 3:30-4:30 and Wednesdays 2:30-4:30, V207

1.4 Instructor Information

Instructor: Dr. Sandra Hessels  
Office: OR 148  
Phone: (519) 438-7224 ext.325  
E-mail: [shessel@uwo.ca](mailto:shessel@uwo.ca)  
Office hours: Mondays 4:30-5:30 and Wednesdays 12:30-1:30 or by appointment  
Course website: <http://owl.uwo.ca> {*login & password = UWO login ID and password*}

**2.0. CALENDAR DESCRIPTION**

An introduction to method and theory in the study of human cognitive processes. Topics covered may include: perception, attention, memory, concept formation, language, thinking, problem solving, and comparative cognition. The course will involve both theory and hands-on experience with the research methods used by cognitive psychologists.

Antirequisite(s): Psychology 2135A/B

Prerequisite(s): Psychology 1100E and Psychology 2830A/B. A minimum of 60% is required in Psychology 1100E. May be taken concurrently with Psychology 2830A/B.

**3.0 COURSE LEARNING OBJECTIVES**

By the end of the course students should have:

- Knowledge of the fundamental concepts in human cognition.
- Extensive exposure to human cognition research paradigms.
- Hands-on experience in designing research projects, data collection and analysis, and preparing research reports.

## 4.0 DESCRIPTION OF CLASS METHODS

This course has two components:

- (1) lectures are designed to help students become acquainted with the content knowledge of the field of Cognitive Psychology.
- (2) lab time will give students first-hand experience in the research methodologies used in research in Cognitive Psychology.

## 5.0 REQUIRED TEXTS

Galotti, K.M., Fernandes, M.A., Fugelsang, J., & Stolz, J.A. (2010). *Cognitive Psychology In and Out of the Laboratory, First Canadian Edition*. Toronto, ON: Nelson.

Student Resources Website (practice tests, etc.):

<http://www.cognitivepsychology1ce.nelson.com/student/>

There will be additional required readings (journal articles, book chapters) assigned throughout the course.

**Suggested text:** *The Publication Manual of the American Psychological Association* (2001). (5<sup>th</sup> Ed.). Washington, DC: American Psychological Association

## 6.0 EVALUATION

1. Midterms (40%): There will be 4 midterm tests. They will be held through the year (see schedule for dates). Each midterm will be worth 10% of the final grade for the course. Midterm tests may cover any and all material (lectures, readings, activities, and discussion) covered since the last midterm.
2. Pop Quizzes/Mini-Assignments (4%): Each term, there will be a minimum of 3 pop quizzes and/or short take-home assignments. Each will be worth 1% of the final grade (you may earn a maximum of 2% per term up to 4%). Quizzes and mini-assignments will be based on readings or activities scheduled.
3. Lab Projects (31%): There will be two lab projects, one per term. The first research project will be worth 14% of the final grade, and the second research project will be worth 17% of the final grade for the course. Details to be provided.
4. Final Exam (25%): The final exam will be scheduled by the Registrar's Office. The final exam will include what will essentially be the 5<sup>th</sup> midterm test as well as a cumulative (covering material over the entire course) essay question.

## 7.0 Huron Psychology Department Grading Policy

Students at Huron University College should consider a grade in the range from 70-74 to be evidence of satisfactory performance in a 2100-level Psychology course. Grades in the B+ (75-79) or A (80-89%) ranges will only be awarded for performance that is demonstrably superior to the second-year standard associated with the Major or Minor modules. A grade of A+ (90-100%) will only be awarded very rarely and only for work that is truly exceptional.

## 8.0 Late Penalties, Extensions, and Make-up Tests

Make-up tests will not be allowed. If a test is missed for a legitimate reason appropriate documentation must be submitted in a timely fashion. For further details, see Appendix below. If accommodation is granted, the remaining components of the evaluation will be re-weighted based on the remaining midterms. If more than 2 midterms are missed over the course, re-weighting will be at the discretion of the instructor.

All lab reports to be handed in are due at the *beginning* of class on the due date (both electronic and hardcopy versions). Any items handed in after this time will be considered late. The penalty for lateness is 2% of the grade per day late (including weekends) up to 14 days late, after which the grade will be zero. Any extensions for legitimate reasons (see Appendix below) must be requested *before* the due date, and appropriate documentation submitted in a timely fashion. If accommodation is granted, an extension will be granted at the discretion of the instructor.

Note that due date extensions and re-weighting of a missed test will not be granted in order to facilitate travel arrangements (other than on compassionate grounds).

## 9.0 TENTATIVE SCHEDULE OF CLASSES

NOTE: Lab activities and reading discussions will be interspersed among lectures.

		Chapter
Sept 11	First Day	
Sept 13	Introduction	1
Sept 18/20	The Brain	2
Sept 25/27	The Brain cont'd	
Oct 2/4	Perception	3
Oct 9/11	FALL BREAK	
Oct 16		
<b>Oct 18</b>	<b>Midterm #1</b>	

Oct 23/25	Attention	4
Oct 30	Attention cont'd	
Nov 1	Memory Structures	5
Nov 6/8	Memory Structures cont'd	
Nov 13/15	Memory Structures cont'd	
Nov 20		
<b>Nov 22</b>	<b>Midterm #2</b>	
Nov 27/29	Memory Processes	6
Dec 4	Memory Processes cont'd	6
<b>Dec 6</b>	<b>Lab Project 1 APA-Style Report Due</b>	

EXAMS December 10 – December 21, 2017

**\*\*Note that there is no December examination in this course\*\***

Jan 8/10	Concepts	7
Jan 15/17	Imagery	8
Jan 22/24	Imagery cont'd	
Jan 29/31	Language	9
Feb 5		
<b>Feb 7</b>	<b>Midterm #3</b>	
Feb 12/14	Language cont'd	

**READING WEEK Monday, February 19 – Friday, February 23, 2018**

Feb 26/28	Language cont'd	
Mar 5/7	Problem Solving	10
Mar 12	Problem Solving cont'd	

<b>Mar 14</b>	<b>Midterm #4</b>	
Mar 19/21	Reasoning	11
Mar 21/23	Reasoning cont'd	
Mar 26/28	Individual Differences	12
Apr 2/4	Individual Differences cont'd	
Apr 9		
<b>Apr 11</b>	<b>Lab Project 2 APA-Style Report Due</b>	

EXAMS April 14 – April 30, 2018

**\*\*The Final Exam will be scheduled by the Registrar's Office \*\***

## Appendix to Course Outlines

### Prerequisite Information

Students are responsible for ensuring that they have successfully completed all course prerequisites. Unless you have either the requisites for this course or written special permission from your Provost and Dean to enrol in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

### Conduct of Students in Classes, Lectures, and Seminars

Membership in the community of Huron University College and the University of Western Ontario implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work and live within it. Upon registration, students assume the responsibilities that such registration entails. The academic and social privileges granted to each student are conditional upon the fulfillment of these responsibilities.

In the classroom, students are expected to behave in a manner that supports the learning environment of others. Students can avoid any unnecessary disruption of the class by arriving in sufficient time to be seated and ready for the start of the class, by remaining silent while the professor is speaking or another student has the floor, and by taking care of personal needs prior to the start of class. If a student is late, or knows that he/she will have to leave class early, be courteous: sit in an aisle seat and enter and leave quietly.

Please see the *Code of Student Rights and Responsibilities* at:

<http://www.huronuc.ca/CurrentStudents/StudentLifeandSupportServices/StudentDiscipline>

### **Technology**

It is not appropriate to use technology (such as, but not limited to, laptops, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and is distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

### **Academic Accommodation for Medical/Non-Medical Grounds**

Students who require special accommodation for tests and/or other course components must make the appropriate arrangements with the Student Development Centre (SDC). Further details concerning policies and procedures may be found at:

[http://www.sdc.uwo.ca/ssd/?requesting\\_acc](http://www.sdc.uwo.ca/ssd/?requesting_acc)

#### **(a) Medical Grounds for assignments worth 10% or more of final grade: Go Directly to Academic Advising**

University Senate policy, which can be found at

[http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/accommodation\\_medical.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf),

requires that all student requests for accommodation on medical grounds for assignments worth 10% or more of the final grade be made directly to the academic advising office of the home faculty (for Huron students, the “home faculty” is Huron), with supporting documentation in the form (minimally) of the Senate-approved Student Medical Certificate found at:

[http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform\\_15JUN.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform_15JUN.pdf).

The documentation is submitted in confidence and will not be shown to instructors. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Provost and Dean. The instructor’s decision is appealable to the Provost and Dean.

#### **(b) Accommodation on Medical Grounds for assignments worth less than 10% of final grade: Consult Instructor Directly**

When seeking accommodation on medical grounds for assignments worth less than 10% of the final course grade, the student should contact the instructor directly. The student need only share broad outlines of the medical situation. The instructor **may** require the student to submit documentation to the academic advisors, in which case she or he will advise the student and inform the academic advisors to expect documentation. The instructor may **not** collect medical documentation. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. The instructor will not normally deny accommodation where appropriate

medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Provost and Dean. The instructor's decision is appealable to the Provost and Dean.

**(c) Non-medical Grounds: Consult Instructor Directly**

Where the grounds for seeking accommodation are not medical, the student should contact the instructor directly. Late penalties may apply at the discretion of the instructor. Apart from the exception noted below, academic advisors will not be involved in the process of accommodation for non-medical reasons.

Where a student seeks accommodation on non-medical grounds where confidentiality is a concern, the student should approach an academic advisor with any documentation available. The advisors will contact the instructor after the student's request is received, and will outline the severity and duration of the challenge without breaching confidence. The student will be informed that the instructor has been notified that significant circumstances are affecting or have affected the student's ability to complete work, and the student will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. Before denying a request for accommodation where documentation has been submitted to an academic advisor, the instructor will consult with the Provost and Dean. The instructor's decision is appealable to the Provost and Dean.

**Statement on Academic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: [http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/scholastic\\_discipline\\_undergrad.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf)

**Statement on Academic Integrity**

The International Centre for Academic Integrity defines academic integrity as "a commitment, even in the face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these values flow principles of behaviour that enable academic communities to translate ideals to action." (CAI Fundamental Values Project, 1999).

A lack of academic integrity is indicated by such behaviours as the following:

- Cheating on tests;
- Fraudulent submissions online;
- Plagiarism in papers submitted (including failure to cite and piecing together unattributed sources);
- Unauthorized resubmission of course work to a different course;
- Helping someone else cheat;
- Unauthorized collaboration;
- Fabrication of results or sources;
- Purchasing work and representing it as one's own.

**Academic Integrity: Importance and Impact**

Being at university means engaging with a variety of communities in the pursuit and sharing of knowledge and understanding in ways that are clear, respectful, efficient, and productive. University communities have established norms of academic integrity to ensure responsible, honest, and ethical behavior in the academic work of the university, which is best done when sources of ideas are properly and fully acknowledged and when responsibility for ideas is fully and accurately represented.

In the academic sphere, unacknowledged use of another's work or ideas is not only an offence against the community of scholars and an obstacle to academic productivity. It may also be understood as fraud and may constitute an infringement of legal copyright.

A university is a place for fulfilling one's potential and challenging oneself, and this means rising to challenges rather than finding ways around them. The achievements in an individual's university studies can only be fairly evaluated quantitatively through true and honest representation of the actual learning done by the student. Equity in assessment for all students is ensured through fair representation of the efforts by each.

Acting with integrity at university constitutes a good set of practices for maintaining integrity in later life. Offences against academic integrity are therefore taken very seriously as part of the university's work in preparing students to serve, lead, and innovate in the world at large.

A university degree is a significant investment of an individual's, and the public's, time, energies, and resources in the future, and habits of academic integrity protect that investment by preserving the university's reputation and ensuring public confidence in higher education.

**Students found guilty of plagiarism will suffer consequences ranging from a grade reduction to failure in the course to expulsion from the university. In addition, a formal letter documenting the offence will be filed in the Provost and Dean's Office, and this record of the offence will be retained in the Provost and Dean's Office for the duration of the student's academic career at Huron University College.**

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com.

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Personal Response Systems ("clickers") may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else's clicker in class constitutes a scholastic offence,
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

### **Policy on Special Needs**

Students who require special accommodation for tests and/or other course components must make the appropriate arrangements with the Student Development Centre (SDC). Further details concerning policies and procedures may be found at:

[http://www.sdc.uwo.ca/ssd/?requesting\\_acc](http://www.sdc.uwo.ca/ssd/?requesting_acc)

### **Attendance Regulations for Examinations**

A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:

1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.

2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Provost and Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Provost and Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Provost and Dean of the Faculty offering the course will communicate that decision to the Provost and Dean of the Faculty of registration.

### **Class Cancellations**

In the event of a cancellation of class, every effort will be made to post that information on the Huron website, <http://www.huronuc.ca/AccessibilityInfo> (“Class Cancellations”).

### **Mental Health @ Western**

Students who are in emotional/mental distress should refer to Mental Health @ Western <http://www.uwo.ca/uwocom/mentalhealth/> for a complete list of options about how to obtain help.

### **Academic Advising**

For advice on course selections, degree requirements, and for assistance with requests for medical accommodation [see above], students should contact an Academic Advisor in Huron’s Student Support Services ([huronsss@uwo.ca](mailto:huronsss@uwo.ca)). An outline of the range of services offered is found on the Huron website at: <http://www.huronuc.ca/CurrentStudents/AcademicAdvisorsandServices>

Department Chairs and Program Directors and Coordinators are also able to answer questions about their individual programs. Their contact information can be found on the Huron website at: <http://www.huronuc.ca/Academics/FacultyofArtsandSocialScience>
